ORDERING PAPER EXAMS

• Select the testing organization for which you are ordering exams.
After you select your testing organization, you will see the paper and pencil exam order screen.

The first section lists the NATE exams available to your organization.

Enter the number of exams you need for each type.
DATES

• The next section of the paper exam ordering process will ask you for dates associated with your order.

• The tentative test date is the date on which you plan to give the exams.

• The “I need the exams delivered by” date is the date by which NATE will aim to have your exam shipment delivered.
• Select the date using the interactive calendar.
SELECT A PROCTOR AND LOCATION

• The next section of the order form requires you to select the proctor and location of the session.

• Your name should be displayed as the proctor for the session.

• If your organization has multiple locations registered with NATE, select one of those locations. If not, select “Main.”

SUBMITTING THE SESSION

Once the payment has been confirmed, return to the checklist and submit your session.
SUBMITTING THE ORDER

• Click the “PnP Order Submit” button.

• At that point, the session has been sent to NATE for review and approval.

• You will receive an email from NATE that your order has been accepted within 24 hours, or be contacted if additional information is needed to approve your order.

• NATE will then email you a second notice when your order has been shipped, with your tracking number and a copy of the proctor script.
• You should receive your exams on or before your “Need by” date.

• Candidates will receive a sealed exam booklet for each exam they are taking, with a demographic form.

• Candidates must complete their demographic form prior to taking the exam.

• Only one demographic form is needed per session, regardless of the number of exams a candidate takes.
• Please ensure the candidate marks all their answers on the answer card, and not in the exam booklet.

• The answer card, test survey, T/P chart, and other exam items should be torn out of the back of each booklet.

• Be sure to complete the Test Session Audit Form, which supplies NATE with important information about your test session.
PROCTORING THE SESSION

- After the candidates have completed their exams, you are required to seal their materials in the return envelopes.

- Be sure to include your completed test session audit form.

- Repackage and return all exam materials to:
